Independent Auditor's Report

To the Board of Trustees CRISTA Ministries Shoreline, Washington

We have audited the accompanying consolidated financial statements of CRISTA Ministries ("the Organization") which comprise the consolidated balance sheets as of June 30, 2017 and 2016, and the related consolidated statements of unrestricted activities, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

10900 NE 4th St Suite 1700 Bellevue WA 98004

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2017 and 2016, and the results of its unrestricted activities and change in net assets, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information on pages 31 and 32 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 1 - Nature of Operations and Significant Accounting Policies

Business Purpose and Organization - To Love God by Serving People.

CRISTA Ministries, headquartered at 19303 Fremont Avenue North, Shoreline, Washington 98133-3800, is a Christian not-for-profit organization made up of seven distinct ministries with one common purpose. The mission of CRISTA Ministries is to love God by serving people - meeting practical and spiritual needs so that those we serve locally and internationally will be built up in love, united in faith and maturing in Christ. We seek to see people drawn into a transformational relationship with Christ.

CRISTA Ministries was founded in 1948 as King's Garden. Today, its seven ministries serving locally and internationally are: CRISTA Senior Living, World Concern, King's Schools, CRISTA Media, CRISTA Camps, Christian Veterinary Mission, and Seattle Urban Academy.

World Concern Development Organization ("WCDO"), a separate not-for-profit organization, is the non-ecclesiastical arm of World Concern, shares common facilities and management with World Concern, and is reported in these consolidated financial statements as part of World Concern. WCDO is responsible for administering governmental and other grants.

CRISTA Ministries Canada ("CRISTA Canada") is a not-for-profit organization incorporated under the Canada Corporation Act and registered as a Charitable Organization. CRISTA Canada has an agreement with CRISTA Media to provide programming designed to support individuals in their commitment to practice their Christian beliefs and live the Christian life. CRISTA Canada also has an agreement with World Concern and Christian Veterinary Mission to help provide for the spiritual and physical needs of families in the poorest countries of the world.

Principles of Consolidation - The consolidated financial statements include the accounts of CRISTA Ministries, WCDO, and CRISTA Canada (collectively, the "Organization"). All significant inter-organization transactions have been eliminated upon consolidation.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - Cash in excess of daily requirements is invested in interest-bearing instruments with maturities of three months or less. Such investments are considered to be cash equivalents, except for those included in the Organization's investment portfolio and subject to its investment policy.

Cash Held by Field Operations - Cash held by field operations represents cash forwarded to project field sites for use in carrying out ministry activities.

Grants Receivable - Grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to grants receivable. Grants receivable are due primarily from government agencies and are deemed by management to be fully collectible. Therefore, an allowance for doubtful accounts was not recorded at June 30, 2017 and 2016.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 1 - Continued

Pledges Receivable - Pledges receivable, unconditional promises to give, that are expected to be collected within one year are recorded at net realizable value. Management provides for probable uncollectible amounts through a charge to contribution revenue and a credit to a valuation allowance based on historical trends. The allowance for doubtful accounts was \$84,000 and \$222,000 at June 30, 2017 and 2016, respectively.

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on these amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. A present value discount was deemed immaterial and thus not recorded at June 30, 2017 and 2016.

Trade Receivables - Trade receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade receivables. The allowance for doubtful accounts was \$566,000 and \$510,000 at June 30, 2017 and 2016, respectively.

Note Receivable - The note receivable consists of a note for real property that had been held for sale (Notes 6 and 12). The note is recorded at its outstanding balance. Management considers the outstanding balance to be fully collectible and has, therefore, not recorded an allowance against the note.

Bond Funds Held in Trust - Bond funds held in trust consist of proceeds from tax-exempt private placement bonds issued in October 2015 (Note 10). The bond funds were used to purchase property and equipment during the year ended June 30, 2017

Investments and Planned Giving Program Assets - Investments and planned giving program assets consist primarily of marketable debt and equity securities, mutual funds, private equity, real estate investment trust, nonmarketable securities, and an interest in a perpetual trust. Investments in marketable securities, private equity, real estate investment trust, and the perpetual trust are stated at fair value. Investments in nonmarketable securities and cash and cash equivalents, are stated at the lower of cost or net realizable value.

Captive Insurance Company - The Organization has contracted with a captive insurance company to insure against professional liability, property damage, and business income/extra expense, and to reinsure against a portion of its general liability, auto liability, and physical damage. The Organization owns a noncontrolling share of the common stock of the captive insurance company and is accounting for this investment under the cost method of investment accounting. The value of this investment in the amount of \$366,000 at June 30, 2017 and 2016, is included in investments.

Property Held for Sale - Property held for sale consists of real property and buildings for which the Organization has entered into sales agreements. Property held for sale is presented at the lower of net book value or fair value. Property held for sale was sold during the year ended June 30, 2017 (Note 12).

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 1 - Continued

Property and Equipment Used in Ministries and Depreciation - The Organization capitalizes assets with a cost greater than \$3,000 and an estimated useful life of three or more years, except for assets purchased for use in Senior Ministries, which capitalizes assets of \$750 or more to meet state Medicare guidelines. Certain technology items with a cost greater than \$750 and estimated life of three or more years are also capitalized. Purchased property is carried at cost. Donated property is recorded at fair value when received. Depreciation is computed using the straight-line method based on estimated useful lives as follows:

Buildings and improvements 5 - 50 years
Furniture and equipment 3 - 10 years
Vehicles 3 - 7 years

Development Loans Receivable - Development loans receivable as of June 30, 2017 and 2016, represent loans outstanding under the Micro-enterprise Loan Program (MLP) in the country of Bangladesh.

The purpose of the MLP is to assist impoverished persons to become self-reliant, successful entrepreneurs. The MLP is administered in accordance with guidelines published by World Concern and is tailored to specific conditions of the host country. The majority of these loans mature in one to two years. Based on management's intent and ability to reinvest collected amounts in the MLP in those countries, the balance has been classified as a long-term receivable and included in assets held by field operations on the consolidated balance sheets (Note 8).

During the year ended June 30, 2016, the MLP was discontinued in Haiti, which resulted in a write-off of outstanding Haiti development loans receivable totaling \$262,000. This write-off is reflected in the change in temporarily restricted net assets in the consolidated statements of changes in net assets.

Radio Licenses - The Organization has several radio licenses. In accordance with current U.S. GAAP, radio licenses are considered indefinite-lived assets and thus are not amortized but are reviewed on an annual basis for any possible impairment. Management determined there were no events or changes in circumstance indicating an impaired value of the radio licenses at June 30, 2017 and 2016. Radio licenses obtained prior to June 30, 2012 are being amortized over an estimated useful life 40 years. Total accumulated amortization of such radio licenses was \$547,000 and \$532,000 at June 30, 2017 and 2016, respectively.

Change in Accounting Principle - During the year ended June 30, 2017, the Organization implemented the requirements of the Financial Accounting Standards Board's Accounting Standards Update No. 2015-03 - *Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs* (ASU 2015-03). ASU 2015-03 changes the accounting for debt issuance costs (financing costs) by requiring that such costs be reported on the consolidated balance sheets as a direct deduction from the related debt liability. Previously, financing costs were reported as a deferred charge asset on the consolidated balance sheets. The Organization has restated the June 30, 2016 consolidated financial statements to conform to the June 30, 2017 presentation and, as a result, \$229,000 of unamortized financing costs were reclassified from other intangible assets to long-term obligations on the consolidated balance sheet as of June 30, 2016.

Financing Costs - Financing costs are recorded as a deduction from the related debt liability on the consolidated balance sheets. Financing costs are amortized over the term of the applicable debt using the straight-line method. U.S. GAAP requires that the effective yield method be used to amortize finance costs; however, the effect of using the straight-line method is not materially different from the results that would have been obtained under the effective yield method. Amortization of financing costs is included as a component of interest expense on the schedule of functional expenses.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 1 - Continued

Concentration of Credit Risk - Financial instruments that potentially subject the Organization to concentration of credit risk consist primarily of receivables, cash and cash equivalents, investments, and development loans receivable (Note 8). As of June 30, 2017 and 2016, concentration of credit risk with respect to receivables is limited due to a large base of customers consisting of public and private companies representing a variety of industries, government agencies, and individuals in the Pacific Northwest. Cash and cash equivalents are held with banks located in and outside of the United States. As of June 30, 2017 and 2016, 8% and 9% of cash and cash equivalents are held in banks outside of the United States. Investments are held with a variety of financial institutions. Cash, cash equivalents, and investment balances may at times exceed FDIC and SIPC insurance limits. Development loans receivable are due from a large number of loans granted under the Organization's MLP in Bangladesh.

Financial Instruments - The carrying amount of financial instruments, including cash and cash equivalents, receivables, investments, payables, and long-term obligations, approximates fair value as of June 30, 2017 and 2016, with the exception of investments carried at cost, and the note receivable and development loans receivable, which are carried at principal plus accrued interest. It is not practical to estimate the fair value of investments carried at cost.

Deferred Revenue - Cash from certain fees for services is received prior to the Organization providing the intended program services. These revenues are deferred until the period in which the services are rendered.

Entry Fees - Entry fees represent advance payment for use of retirement facilities. Entry fees are subject to contractual refunds upon death or other termination of residency. The refunds on a majority of the contracts range from 0% to 80% of the entry fees paid, depending upon length of residency. Refundable entry fees are reported as a liability on the consolidated balance sheets. The nonrefundable portion of the entry fee is considered deferred revenue and is amortized to income based upon the life expectancy of the residents.

The present value of the net cost of future services to current residents is calculated annually to determine if an unfunded liability for those services should be recorded. A discount rate of 6% was used as of June 30, 2017 and 2016. No unfunded liability exists for obligations to provide future services as of June 30, 2017 and 2016.

Basis of Presentation - Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified and reported as follows:

<u>Unrestricted Net Assets</u> - Net assets on which there are no donor-imposed restrictions for use or such donor-imposed restrictions were temporary and expired or were met during the current or previous years.

<u>Temporarily Restricted Net Assets</u> - Net assets subject to donor-imposed restrictions that will be met either by actions of the Organization, the passage of time, or for endowment funds.

<u>Permanently Restricted Net Assets</u> - Net assets subject to donor-imposed restrictions to be maintained permanently by the Organization.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor stipulated purpose has been fulfilled or the stipulated time period has lapsed) are reported as reclassifications between the applicable classes of net assets. Contributions where restrictions are satisfied within the same year are reported as unrestricted revenue.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 1 - Continued

Contributions that the donor requires to be used to acquire long-lived assets (e.g., building improvements, furniture, and equipment) are reported as temporarily restricted. When the long-lived assets are acquired, the Organization reflects the expiration of the donor-imposed restriction as a reclassification included in contributions released from restrictions.

Foreign Currency Translation - The functional currency of World Concern's field offices is the local currency in which the office is located. Assets and liabilities of the offices have been translated into U.S. dollars at year-end exchange rates. Revenues and expenses have been translated at average monthly exchange rates. Any translation adjustments are included in the consolidated statements of unrestricted activities.

Revenues and Gains - Fees for services, government grants, and miscellaneous income consist of revenues earned during the year. Earned revenue is recognized in the period the service is performed. Government grant revenue is recognized in the period the related expenses are incurred. Contributions are recognized as revenues in the period received, except for unconditional promises to give, which are recognized in the period the unconditional promise is made. Contributions also include noncash gifts (gifts-in-kind), which are valued at estimated fair value at the date of gift (Note 9).

Senior Living recognizes revenue based on estimated net realizable amounts from patients and third-party payors, which includes the Medicaid and Medicare programs. Laws and regulations governing the Medicaid and Medicare programs are extremely complex and subject to interpretation. As a result, there is a possibility that recorded estimates may change.

Functional Allocation of Expenses - The cost of providing program services, fundraising, and general administration of the Organization has been summarized on a functional basis in supplementary schedules to the consolidated financial statements. Accordingly, certain costs have been allocated between program services, fundraising, and management and general expenses based on actual usage or square footage.

Income Taxes - The Internal Revenue Service (IRS) has determined that CRISTA and WCDO are exempt from federal income taxes under Sections 501(c)(3) and 509(a)(1) of the Internal Revenue Code, with the exception of certain activities that result in unrelated business income which are taxable. The Organization had federal income tax overpayments of \$172,000 and \$119,000 that are included in trade receivables on the consolidated balance sheets as of June 30, 2017 and 2016, respectively. There are open tax years that are subject to IRS review; however, management has determined that no provision for uncertain tax positions was required as of June 30, 2017 and 2016.

CRISTA Canada is registered as a Charitable Organization under tax laws established by the Canada Revenue Agency. It had no taxable income for the years ended June 30, 2017 and 2016.

Financial Statement Reclassifications - Certain reclassifications have been made to the prior year consolidated financial statements to conform to the current year presentation. Such reclassifications have no effect on the consolidated change in net assets or consolidated net asset balances as previously reported.

Subsequent Events - The Organization has evaluated subsequent events through October 12, 2017, the date on which the consolidated financial statements were available to be issued.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 2 - Cash and Cash Equivalents

Cash and cash equivalents consisted of the following as of June 30:

	(In Thousands)				
		2017		2016	
Cash Money market, CDs and other	\$	10,038 10,074	\$	21,349 7,589	
Total Cash and Cash Equivalents	\$	20,112	\$	28,938	

Cash and cash equivalents include \$1,686,000 and \$2,523,000 as of June 30, 2017 and 2016, respectively, of funds on deposit in banks in foreign countries.

Note 3 - Pledges Receivable

Pledges receivable are due as follows as of June 30:

	(In Thousands)				
		2017		2016	
Pledges due in less than one year Pledges due in one to five years	\$	400 45	\$	368 629	
Less allowance for uncollectible pledges		445 (84)		997 (222)	
Pledges Receivable, Net	\$	361	\$	775	

The allowance for uncollectible pledges was determined by management based on historical trends. A present value discount was deemed immaterial and thus not recorded as of June 30, 2017 and 2016.

Pledges receivable are presented on the consolidated balance sheets as follows as of June 30:

	(In Thousands)				
		2017		2016	
Pledges receivable, current portion	\$	175	\$	287	
Long-term pledges receivable, net		186		488	
Pledges Receivable, Net	\$	361	\$	775	

Pledges receivable to be used for investment in long-term assets, such as buildings, property and equipment, are presented on the consolidated balance sheets as noncurrent regardless of when they are expected to be paid.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 4 - Investments and Planned Giving Program Assets

Investments and planned giving program assets consisted of the following as of June 30:

	(In Thousands)			
		2017		2016
Investments-				
Cash and cash equivalents (at cost)	\$	1,655	\$	152
Marketable equity securities		13,898		19,413
Marketable debt securities		9,741		4,730
Alternative strategies		1,722		
Private equities		1,225		
Nonmarketable equity securities (at cost)		366		366
		28,607		24,661
Planned giving program assets-				
Cash and cash equivalents (at cost)		(145)		36
Marketable equity securities		1,086		1,354
Marketable debt securities		987		464
Beneficial interest in perpetual trust held by third party		1,518		1,408
		3,446		3,262
Total Investments and Planned Giving Program Assets	\$	32,053	\$	27,923

Note 5 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

<u>Level 2</u> - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. These financial instruments were valued using a market approach.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 5 - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2017 and 2016.

Mutual Funds and Alternative Funds - Valued at quoted market prices in active markets.

Equity Securities - Valued at the closing price reported on the active market on which the securities are traded.

<u>Fixed Income, Mortgage Backed Securities and Corporate/Municipal/Education Bonds</u> - Valued using bid valuations from similar instruments in actively traded markets.

Perpetual Trust - Valued at the Organization's share of the trust's assets, which are reported at fair value.

<u>Limited Partnerships, Private Equity and Real Estate Investment Trust</u> - Valued at NAV per share, or its equivalent, as a practical expedient, as reported by the general partner or investment manager unless specific evidence indicated the NAV should be adjusted.

A reconciliation of the investments and planned giving assets measured at fair value on a recurring basis to total investments is as follows as of June 30:

	(In Thousands)			
		2017		2016
Assets recorded at fair value on a recurring basis Assets recorded at cost	\$	30,177 1,876	\$	27,369 554
Total Investments and Planned Giving	\$	32,053	\$	27,923

In accordance with ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent), certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in on the subsequent pages are intended to permit reconciliation of the fair value hierarchy to the line items presented in the balance sheets.

The Organization changed investment custodians and advisors during the year ended June 30, 2017. Therefore, certain investment classifications have changed from the presentation as of June 30, 2016.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 5 - Continued

The following table lists by category, investments in private equity for which fair value is measured using the NAV per share practical expedient; it summarizes significant terms of the agreements with certain investment companies; and it discloses unfunded investment commitments:

	(In Thousands)			s)			
		Fair Value		Unfunded	Redemption	Redemption	Other
Strategy	June	e 30, 2017	Commitments		Frequency	Notice Period	Restrictions
Private equity- Limited partnerships	\$	1,225	\$	4,624	Not currently redeemable.	Not currently redeemable.	Not currently redeemable.

The perpetual trust held by a third party represents the Organization's interest in trust assets (Note 7). Annual distributions are made from the trust by the trustees; therefore, no redemption terms or restrictions apply. There are no unfunded commitments on these investments at June 30, 2017 and 2016.

A reconciliation of the beginning and ending balance of the perpetual trust, measured using significant unobservable inputs (Level 3) follows:

	(In]	Thousands)
Balance as of July 1, 2015	\$	1,496
Total realized and unrealized losses		(88)
Balance as of June 30, 2016		1,408

Property and Equipment, Net	\$	72,777	\$	66,143	

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 6 - Continued

During the year ended June 30, 2016, the Organization placed its South Seattle property up for sale. The property is included in the consolidated balance sheets as property held for sale at the net carrying value of the property, \$250,000, as of June 30, 2016. In March 2017, the Organization sold the property for the price of \$350,500, resulting in a gain of \$72,000, net of selling costs.

During the year ended June 30, 2012, the Organization signed an agreement to lease its Crosspoint Academy building to another entity (Note 12). This agreement includes a purchase option, which the other entity agreed to exercise in January 2016. As such, the net carrying value of the land and building of \$1,380,000 is included in property held for sale on the consolidated balance sheets as of June 30, 2016. The property sale was completed in November 2016 for a purchase price of \$2,000,000, resulting in a gain on the sale of the property of \$570,000, net of selling costs and a rent credit (Note 12).

During the year ended June 30, 2015, the Organization placed its Everett property up for sale. The property was included in the consolidated balance sheets as property held for sale at the net carrying value of the property, \$3,150,000, as of June 30, 2015. The property was sold in January 2016 for \$3,577,000, resulting in a gain on the sale of the property of \$427,000, net of selling costs.

Note 7 - Planned Giving Program

Irrevocable Trusts - The Organization is a beneficiary of irrevocable unitrusts and testamentary trusts administered by the Organization. The trusts provide for annual distributions of 6% to 7% of the value of trust assets to be paid to the trust grantors. The trusts all terminate upon the death of the various grantors, at which time the remaining assets will be distributed to the Organization and other beneficiaries. The trust assets are valued at fair value and totaled \$828,000 and \$852,000 at June 30, 2017 and 2016, respectively. The trust liabilities are valued at the present value of the estimated future distributions to be paid to the trust grantors discounted at rates of 6% to 7% and totaled \$702,000 and \$703,000 and at June 30, 2017 and 2016, respectively.

When trusts are initially established the Organization records temporarily restricted contribution revenue equal to the value of trust assets received less the trust liability. The Organization recorded a loss of (\$22,000) and a gain of \$35,000 during the years ended June 30, 2017 and 2016, respectively, related to the change in trust assets and liabilities. This gain or loss is included in the temporarily restricted net realized and unrealized losses on investments on the consolidated statements of changes in net assets. There were no contributions to irrevocable trusts during the years ended June 30, 2017 and 2016.

Annuities - The Organization administers gift annuities for which it is obligated to make periodic distributions to designated beneficiaries. When contributed assets are initially received, the assets are recorded at fair value as general assets of the Organization, and temporarily restricted contribution revenue is recorded equal to the value of contributed assets received less the annuity liability. The fair value of annuity assets totaled \$1,083,000 and \$985,000 as of June 30, 2017 and 2016, respectively. The present values of the payments due to the beneficiaries are recorded as liabilities and totaled \$984,000 and \$767,000 as of June 30, 2017 and 2016, respectively. Net present values are calculated based on the expected lives of the beneficiaries and using the applicable federal discount rate at the date of the gift. The annuity liability is revalued annually based upon actuarially computed present values. The segregated funds the Organization maintains exceed the actuarial value of the annuity liability by at least 10% as required by Washington state law.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 7 - Continued

Gift Loan Agreements - Gift loan agreements represent demand notes with interest rates of 5% that become contributions to the Organization upon the death of the note holder. Gift loan agreement liabilities totaled \$17,000 at both June 30, 2017 and 2016 and the Organization has set aside sufficient assets to cover these liabilities.

Perpetual Trust - The Organization is named as one of several beneficiaries of a perpetual trust. Under the terms of the trust, an independent trustee will make annual distributions, in perpetuity, to the Organization based upon the Organization's 3% percent share of the trust assets' fair value. That share totaled \$1,518,000 and \$1,408,000 at June 30, 2017 and 2016, respectively, and is included in permanently restricted net assets. The Organization received distributions totaling \$71,000 and \$69,000 for the years ended June 30, 2017 and 2016, respectively. The distributions are available for general operations. Changes in the value of the underlying assets of \$110,000 and (\$88,000) for the years ended June 30, 2017 and 2016, respectively, have been recorded in the accompanying consolidated statements of changes in permanently restricted net assets as net realized and unrealized gains (losses) on investments.

Planned giving program assets were as follows as of June 30:

	(In Thousands)				
		2017		2016	
Irrevocable trusts	\$	828	\$	852	
Annuities		1,083		985	
Gift loan agreements		17		17	
Perpetual trust		1,518		1,408	
Total Planned Giving Assets	\$	3,446	\$	3,262	

Planned giving program liabilities were as follows as of June 30:

	 (In Thousands)				
	2017		2016		
Irrevocable trusts	\$ 702	\$	703		
Annuities	984		767		
Gift loan agreements	 17		17		
Total Planned Giving Liabilities	\$ 1,703	\$	1,487		

Note 8 - Development Loans Receivable

The Organization makes loans under the Micro-enterprise Loan Program (MLP) to assist impoverished persons to become self-reliant, successful entrepreneurs in the countries of Bangladesh and Haiti. The MLP program in Haiti was discontinued during the year ended June 30, 2016. The loans are funded by temporarily restricted contributions, and amounts collected on these loans are reinvested in the MLP to fund future loans. The MLP balance is included in the consolidated balance sheets as a part of assets held by field operations.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 8 - Continued

Development loans receivable and the allowance for doubtful accounts were as follows as of June 30:

	(In Thousands)				
		2017		2016	
Receivables from individuals in-					
Bangladesh	\$	3,700	\$	3,460	
Less allowance for doubtful accounts-					
Beginning balance		(383)		(589)	
Provision for loan losses		(64)		(58)	
Loans written off		112		2	
Loss from Haiti Micro-enterprise loan program (Note 1)				262	
		(335)		(383)	
Microloans Receivable, Net	\$	3,365	\$	3,077	
The following amounts were past due under the MLP as of June 30:					
	(In Thousands)				
		2017		2016	
Less than two years	\$	71	\$	145	
Two to five years		65		156	
Total Loans Past Due	\$	136	\$	301	

The average loan size was \$269 and \$247 at June 30, 2017 and 2016, respectively. Maturities on the loans range from two months to two years. Allowances for doubtful accounts are established based on prior collection experience, current economic factors and management's review of individual account balances. Loans under the MLP are written off only when they are deemed to be permanently uncollectible, and interest continues to accrue until the loan balances are paid in full. Assessed impairment of certain loans is included in the allowance for doubtful accounts.

The Organization is subject to certain business risks that could affect net assets. These risks include geographic concentrations in Bangladesh, a developing country, which represents 100% of the total development loans receivable at June 30, 2017 and 2016.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 8 - Continued

A summary of assets held by field operations is as follows for the years ended June 30:

	 (In Tho		
Microloans receivable, net Other overseas assets	\$ 3,365 170	\$	3,077 188
Assets Held by Field Operations	\$ 3,535	\$	3,265

Note 9 - Gifts-in-Kind

The Organization receives contributions of clothing, health supplies, and other commodities for use in its various programs and medicines at amounts significantly below fair value. Such gifts are recorded as inventory and revenue at the time received and as a reduction of inventory and as a program services expense when the distributing agency has received the goods. These gifts are recorded at their fair value based on product like-kind analysis and current estimated wholesale prices as available. Gifts-in-kind (GIK) are recorded in accordance with U.S. GAAP and in consideration of Accord GIK Interagency Standards.

The Organization obtains deworming medicine that is distributed to children and adults in Haiti and several countries in Africa and Asia. The Organization purchases this deworming medicine and records such purchases at cost and records any difference between cost and fair value as a contribution, where fees paid are significantly below fair values, per applicable accounting standards.

The Organization obtains market data that it believes is representative of the fair value for the deworming medicine it distributes in multiple relevant international markets. Such industry standards are subject to review and adjustment; therefore, estimates of the fair value of donated medicines may vary in the future.

The Organization only records the value of GIK for which the Organization was the original recipient of the gift, was the end use agency, was involved in partnership with another organization for distribution internationally, or used the GIK in its own programs.

A summary of GIK revenue is as follows for the years ended June 30:

	 (In Thousands)				
	2017		2016		
Medicines and medical supplies Clothing Advertising Other supplies	\$ 15,294 12 413 650	\$	15,667 13 458 318		
Total Gifts-in-Kind Revenue	\$ 16,369	\$	16,456		

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 9 - Continued

For both of the years ended June 30, 2017 and 2016, the Organization distributed approximately 14.2 million deworming pills to children and adults in several countries. Of the total GIK the years ended June 30, 2017 and 2016, 93% and 95%, respectively, came from a single source.

Note 10 - Long-Term Obligations

Long-term obligations consisted of the following as of June 30:

	(In Thousands)				
		2017		2016	
Tax exempt private placement bonds reissued in October 2015 to refinance prior bonds issued in December 2010, and provide for refurbishment of senior living facilities - interest was fixed at 3.45% per annum until the rate was adjusted to 2.61% in September 2016. Payments are due in monthly installments through January 1, 2026.	\$	8,549	\$	9,389	
Tax exempt private placement bonds issued in October 2015 to provide for refurbishment of senior living facilities - interest is fixed at 2.99% per annum. Interest payments are due in monthly installments through October 1, 2030. Principal payments begin					
February 1, 2026.		3,000		3,000	
Deferred employee benefits		73		253	
Obligations for future services		256		262

Less current portion		(872)		(840)	
Total Long-Term Obligations	\$	10,799	\$	11,835	

Interest expense, including letter of credit fees, was \$339,000 and \$363,000, for the years ended June 30, 2017 and 2016, respectively.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 10 - Continued

In October 2015, the Organization issued through the Washington State Housing Finance Commission (WSHFC) tax exempt Series 2015 bonds in the amount of \$3,000,000. The Organization also reissued through the WSHFC tax exempt Series 2010 bonds in the amount of \$9,999,000 to refinance prior bonds originally issued in December 2010. The \$3,000,000 in Series 2015 bond proceeds is available to the Organization on a cost-reimbursement basis. As of June 30, 2016, the Organization incurred costs totaling approximately \$1,622,000, leaving remaining available funds of \$1,378,000 which were held in trust as of year end and included as bond funds held in trust in the accompanying consolidated balance sheets. The amounts were fully drawn as of June 30, 2017. The tax exempt bonds are secured by land, buildings, and equipment with aggregate net book values of \$13,321,000 and \$13,343,000, at June 30, 2017 and 2016, respectively. The Organization is in compliance with all restrictive covenants.

Principal maturities on long-term obligations are as follows:

For the Year Ending June 30,	(In Thousand		
2018	\$	872	
2019		905	
2020		938	
2021		974	
2022		1,011	
Thereafter		7,178	
Total principal maturities		11,878	
Less unamortized financing costs		(207)	
Total Long-Term Obligations	\$	11,671	

The Organization has a line-of-credit agreement expiring November 30, 2017, which provides for a total commitment of \$2,500,000. The line-of-credit bears interest at a monthly LIBOR plus 1.5%. There was no outstanding balance at June 30, 2017 and 2016. The Organization was in compliance with covenants on the line-of-credit agreement during fiscal years 2017 and 2016.

Deferred employee benefits include a salary continuation agreement with a former key officer and a reserve for workers' compensation liability (Note 13).

Note 11 - Endowment

The Organization's endowment consists of a number of funds established for a variety of purposes. Its endowment includes both donor-restricted permanent endowment funds and temporarily restricted funds set up to function as endowments but allowing for the possibility of spending of corpus, if necessary. As required by U.S. GAAP and as disclosed below, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 11 - Continued

The Board of Trustees of the Organization has reviewed the Washington State Prudent Management of Institutional Funds Act (PMIFA) and, having considered its rights and obligations thereunder, has determined that it is desirable to preserve, on a long-term basis, the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this determination, the Organization classifies as permanently restricted net assets the original value of gifts to the permanent endowment, the original value of subsequent gifts to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by PMIFA.

In accordance with PMIFA, the Organization considers the:

- Duration and preservation of the fund;
- Purposes of the Organization and the donor-restricted endowment fund;
- General economic conditions;
- Possible effect of inflation and deflation;
- Expected total return from income and the appreciation of investments;
- Other resources of the Organization; and
- Investment policies of the Organization.

Endowment net assets consisted of the following as of June 30, 2017:

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or U.S. GAAP requires the Organization to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$207,000 and \$478,000 as of June 30, 2017 and 2016, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred after the investment of new permanently restricted contributions and continued appropriation for certain programs that were deemed prudent by the Board of Trustees. Subsequent gains that restore the fair value of the assets of the endowment fund to the required level will be classified as an increase in unrestricted net assets.

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment assets. Endowment assets include those assets of donor restricted funds that the Organization must hold in perpetuity or for a donor specified period. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to seek an average annual rate of return of 7%, or total return of Consumer Price Index plus 5%, whichever is greater. Actual returns may vary significantly from this objective in any given year.

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through capital appreciation, realized and unrealized gains, and current yield such as interest and dividends. The Organization targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 11 - Continued

The Organization has a policy of appropriating for distribution approximately 5% of the market value of endowment assets on an annual basis. In establishing this policy, the Organization considered the long-term expected return on its endowment and its desire to maintain a predictable stream of funding to programs supported by its endowment assets. Accordingly, over the long-term, the Organization expects the current spending policy to allow its endowment to grow at an average 2% annually. This is consistent with the Organization's objective to provide real growth to its endowment through new gifts and investment returns.

Note 12 - Crosspoint Academy Lease and Sale

On June 29, 2012, the Organization signed an agreement to lease its Crosspoint Academy building to another entity (the "Lessee"). Crosspoint Academy is a K-12 school located in Bremerton, Washington. The Lessee operates its own Christian school in the Crosspoint building beginning July 1, 2012. The agreement allows for below market rent beginning in July 2012 and includes clauses increasing rent during the term of the lease based on enrollment. The agreement also includes a purchase option that must be exercised in writing no later than sixty days prior to the end of the lease term. During the year ended June 30, 2016, the lease was amended to extend the lease term from June 30, 2016 to August 31, 2016. In the amendment, the Lessee elected to exercise the purchase option to purchase the property for \$2,000,000 less a \$50,000 rent credit, for a net purchase price of \$1,950,000. The Lessee made a down payment of \$250,000 with the remaining amount financed through a promissory note. The note bears interest at 5% per annum. Annual installment payments of not less than \$150,000 per year will begin September 1, 2017, and will continue through September 1, 2021, at which time installment payments of not less than \$200,000 will begin and continue until the note is paid in full.

Note 13 - Commitments and Contingencies

Leases - The Organization is obligated under various operating leases for office equipment, office and radio tower space. Lease expense for the years ended June 30, 2017 and 2016, was \$805,000 and \$609,000, respectively. Future minimum lease payments for operating leases that have initial or remaining noncancelable lease terms in excess of one year are as follows:

For the Year Ending June 30,	(In Th	housands)
2018	\$	683
2019		593
2020		562
2021		543
2022		323
Thereafter		424
Total Future Minimum Lease Payments	\$	3,128

Employee Retirement Benefits - The Organization offers a Section 403(b) savings plan to eligible employees. Employees may contribute amounts from their salaries to the plan up to the limits specified by the Internal Revenue Service. The Organization contributes 3% of earnings annually to each eligible employee's account. The Organization matches up to 4% additional contributions to an eligible employee's account based upon years of service to the Organization. Employer provided funds are vested to the employee at 20% per year until fully vested after five years. Total employer contributions expensed during the years ended June 30, 2017 and 2016, were \$1,604,000 and \$1,526,000, respectively.

Notes to Consolidated Financial Statements For the Years Ended June 30, 2017 and 2016

Note 13 - Continued

Other Employee Benefits - The Organization offers employees an option to participate in a self-insured health plan. The Organization also maintains a self-insured workers' compensation plan. Claims under these plans are self-insured with stoploss umbrella policies in place to limit maximum potential liability for both individual claims and total claims for a plan year. Claims are paid as they are submitted to the plan administrators. The Organization maintains an accrual for claims that have been incurred but not yet reported (IBNR) to the plan administrators. The IBNR reserve is based on the historical lag period and current payment trends of health insurance claims (generally 2-3 months) and workers compensation claims (generally 1 - 3 years). The IBNR reserve for health care is based on the historical claims as computed by the insurance broker's actuaries (generally 15 months), less payments made, and is included in accounts payable and accrued expenses on the consolidated balance sheets. The IBNR totaled \$643,000 and \$444,000 as of June 30, 2017 and 2016, respectively. The liability for the workers' compensation benefit claims due in less than one year totaled \$73,000 and \$168,000 as of June 30, 2017 and 2016, respectively, and are recorded in accounts payable and accrued expenses. The liability for claims greater than one year are recorded in long-term obligations (Note 10) in the accompanying consolidated balance sheets and totaled \$73,000 and \$167,000 as of June 30, 2017 and 2016, respectively.

Contingencies - Amounts received under federal grant-in-aid programs are subject to audit and adjustment by the granting agency. Any adjusted amounts, including funds already received, may constitute a liability of the Organization. Management believes adjustments required, if any, as a result of audits will not have a material effect on the Organization's financial position or results of activities.

In the normal course of business, the Organization has various claims in process, matters in litigation, and other contingencies. In management's opinion, the outcome from these matters will not materially impact the Organization's financial position or results of activities.
